Experience and expertise

Rebecca Christie Mileham is a Senior Manager in PwC Cayman Island's Actuarial Services Group. She has fourteen years of professional experience in assurance and business advisory services with PwC in the U.K., Bermuda and the Cayman Islands. With extensive experience in the insurance, reinsurance and captive business sectors, primarily in the reserving and capital modelling space, Rebecca has developed strong problem solving and analytical skills. She has the proven ability to challenge and improve existing processes as well as a track record of building deep professional relationships and strong rapport with executives, clients and team members.

Qualifications and memberships

Rebecca holds a Bachelor of Science (Mathematics & Physics) Degree from the University of Durham, U.K. Rebecca is currently studying towards being a Fellow of Institute and Faculty of Actuaries with exam passes including; General Insurance: Reserving and Capital Modelling and Enterprise Risk Management.
